EMPLOYMENT HISTORY

Project Manager at Innovacode, Higuey, La Altagracia
July 2016 — Present

Experienced in the technology industries with basic knowledge and experience of every department, that experience helps me manage a team of 5 (three developers and two designers) for more than 5 years.

COURSES

Ruby and Ruby on Rails, TeamTreeHouse
July 2018 — December 2018

EDUCATION

Java Degree, Instituto Tecnológico de las Americas, La Caleta, Boca Chica
January 2014 — July 2014

During the course of Java Degree, I was able to understand oriented object programming this guide me to apply good practices with Java in the projects that were assigned to me, this allowed me to open other opportunities, which Java was an ideal base to continue advancing.

CURRENT EXPERIENCE

Profesional Work, Higuey, La Altagracia, Republica Dominicana
January 2020 — May 2020

I made a classified portal: carrosycasas.com made with Ruby on Rails, I was able to work with good practices and cutting-edge technologies.

Fiverr Portal, Higuey, La Altagracia, Republica Dominicana
July 2019 — December 2019

Fiverr portal made with Ruby on Rails, I was able to work with good practices and cutting-edge technologies, this was a personal project to apply all my knowledge.
